THZ044EU | Targus Vuscape™ Protective Cover & Stand for iPad® 2

The Targus VuScape™ Protective Cover/Stand for iPad® 2 features a form-fitted design that holds the iPad in place and conveniently converts into a stand with three different viewing angles. The lowest angle is ideal for typing directly on the iPad screen. The VuScape Cover/Stand is ultra-thin and lightweight, making it easy to carry inside of a backpack, briefcase or bag. The case also provides full access to all iPad functions so the iPad is fully operational without leaving the case.

The soft interior lining adds color and protects the device against scratches. When not in use, the case conveniently snaps closed like a portfolio to protect the iPad screen. The Targus VuScape Cover/Stand combines a sturdy viewing stand with an ultra-thin design for easy travel.

Hard-shell construction provides excellent protection

Multi-position viewing

Leather-like skin is soft to touch and easy to grip

Thin and light with high protection performance

3 viewing positions

Super soft “suede” effect interior that protects your iPad from scratches
